LAEF's Summer Programs Serve Over 1,000 Kids!

(Los Alamitos, CA) The Summer Enrichment Institute ends on Friday, July 22th, but everything students have learned and experienced will last a lifetime! The Los Alamitos Education Foundation (LAEF) is proud to have provided 94 classes this summer to students in grades K-12. Over 600 students took one or more SEI classes and learned more about reading, writing, math, theater, art, science, technology, physical fitness and much more! Small class sizes (maximum 17 students), which are taught by credentialed teachers and highly qualified instructors in 2-hour blocks, provided the ideal educational environment for students to continue to learn over the summer.

LAEF also teamed up again with Los Alamitos High School's coaches and directors to offer multiple successful camps this summer. Several camps will take place later this summer, but so far over 1,000 students are participating in show choir, band, dance, cross country, lacrosse, soccer, volleyball, tennis, track and field, baseball, basketball, softball, water polo and wrestling camps on campus at Los Alamitos USD schools.

LAEF is the non-profit partner of Los Alamitos Unified School District. LAEF enhances educational excellence by providing after-school and summer enrichment programs to children in grades Pre-K to 12. For more information, visit www.LAEF4kids.org or call (562) 799-4700 Extension 80424 today!

STEAM class students created handled scoops to move water from one bucket to another – materials were limited to tape, foil, wax paper and straws.

Spanish students act out words and phrases.

These children are enjoying the Computer Literacy and Coding class.
