Surfeo Safari (Español)

Immerse your child in the Spanish language. Instructional focus is on building Spanish vocabulary, conversational dialogue and cultural awareness. We’re going to be learning about Surf and life in the Ocean including animals, plants and the climate!

LEGO® Robotics

Swing like a monkey, fly like a bird, or hop like a frog into LEGO Robotics. Whether in zoos, on the farm, or in your own back yard, we all encounter animals in our lives. LEGO Robotics will ignite the creativity of children while they dive into the wonders of the animal kingdom through inventive playful experience building robots.

**** Add Materials Fee: \$40**

Sports Wheel

The goal of this class is to create awareness and excitement for beginning athletes. Students will be enthralled by two different exciting sports; soccer and t-ball. Emphasis will be placed on the importance of physical activity in everyday life, teamwork, dealing with adversity, problem solving, and sportsmanship.

Surf Art

Students will learn and explore through traditional and untraditional methods of painting, drawing, printmaking, and sculpture to create colorful masterpieces of ocean life and surf. Using the Elements and Principles of Art, students will embark on a journey of self-expression. There will be an art show on the last day of class.

Kenpo Karate

Students will learn self-discipline and respect in this physical fitness class. Basic Karate techniques will improve student strength, flexibility, endurance and coordination.

Ocean Art

Students will learn and explore new processes and techniques for creating surf art. The class will focus on having the students practice visual problem solving and learning creative self-direction. There will be an emphasis on learning the fundamentals of art through trial and experimentation in the realm of the surf and ocean life. *Kinders will need to wait until 2:25 start time.
