### Surf Art

Students will learn and explore through traditional and untraditional methods of painting, drawing, printmaking, and sculpture to create colorful masterpieces of ocean life and surf. Using the Elements and Principles of Art, students will embark on a journey of self-expression. Students will learn artistic concepts such as color mixing, value, perspective and pattern.

### Breakdance 101

Learn this dynamic and entertaining form of dance! Students will be introduced to the world of breakdance and learn moves like TopRock, Six-Step, Freezes, Swipes and more!

### "Ride the Wave" Art with Mrs. Epps

Students will create art works based on the ocean theme. Students will learn about artists whose subject matter involved the ocean or surfing including Hokusai and John Van Hamersveld. Students will experience a variety of mediums including clay, collage, printmaking, colored pencils, pastel chalk, acrylic and tempera paints.

### American Sign Language

ASL is a fun, interactive, hands-on second language! Learning ASL has many cognitive benefits such as higher abstract and creative thinking, better problem-solving, better listening skills and greater academic achievement. Students will present what they have learned at the end of the session.

### Jiu Jitsu

This class will focus on bully prevention and self-defense while helping students gain confidence in their physical abilities using Brazilian Jiu Jitsu.

### Digital Media and Film

Come and get an introduction to the world of digital media. Learn to create and edit photographs and video while working on your own music video.

### Surfeo Safari (Español)

Immerse your child in the Spanish language. Instructional focus is on building Spanish vocabulary, conversational dialogue and cultural awareness. We're going to be learning about surf and life in ocean including animals, plants and climate!

### Musical Theater

Experience the joy and fun of participating in scenes and songs from well-known musicals. Build self-confidence and skills that will assist you in every aspect of school and beyond. We sing, act, play and move. All students will be cast and coached in the scenes with a culminating performance the last class period!!

### Safari Science Adventures

We are hunting down the weird, unusual, and the strangest things in science! We'll journey to find the most dangerous animals on earth including blow fish and sea snails. We'll explore the science behind spider webs, exploding candy and snot! If it's weird and it's out there, Safari Science Adventure will track it down. Join our expedition!

### Basketball

Learn all the skills it takes to be a master on the court! Learn how to improve your shooting, passing, catching and rebounding skills! The Instructor will teach you about player positioning, dribbling, ball handling and team concepts.

### Salsa Dancing

Get your dancing feet ready for this upbeat Latin Ballroom Dance-Salsa! Students will enjoy learning west coast style or "On 1" ballroom salsa. They will get a feel for basic ballroom technique such as how to lead and follow, and basic dance technique including such things as dance posture, pointed toes, and spotting. No previous dance experience required.
