Registration is Now Open for LAEF's Summer Enrichment Institute!

(Los Alamitos, CA) – What are the options for your child this summer? Enrichment! Academics! Fun! The fully accredited Los Alamitos Education Foundation presents the 9th annual Summer Enrichment Institute (SEI), which offers valuable classes to students in grades K-12 in two summer sessions (June 25-July 6 and July 9-20).

Classes run from 8:00am to 4:40pm each day of the session. Small class sizes of 17 maximum students, taught by credentialed teachers in 2-hour blocks, provide an ideal learning environment and help your student avoid the summer learning loss. Elementary classes (at Hopkinson Elementary) include Jumpstart for K-5th grade, Spanish, French, computer literacy/coding, science, STEAM, musical theater, gymnastics, dance, art, and more. For middle and high school students (at McAuliffe Middle School and Oak Middle School), courses cover drivers education, preparing for the college essay, photography, jewelry making, ukulele, video production and more!

LAEF is offering multi-class discounts! Purchase your 1st class, then receive 25% off the 2nd class and 50% off any class thereafter. The discount can be applied to the family or individual student, and is applied to LAEF's Summer Enrichment Institute only (the discounts do not apply to Summer Sports Camps and Music Camps).

LAEF once again offers for-credit high school classes in online economics, health and American political traditions. Classes run from June 18 to July 20.

Registration is now open at www.LAEF4kids.org/programs and catalogs with all the details are available at www.LAEF4kids.org/summer. Scholarships are available on a limited basis. Early bird reduced registration is available through Wednesday, May 23rd!

LAEF is the non-profit partner of Los Alamitos Unified School District. LAEF enhances educational excellence by providing after-school and summer enrichment programs to children in grades Pre-K to 12. LAEF impacts all students by providing significant funding for STEAM teachers and instruction, as well as igniting new programs and providing valuable resources.
