

All Lee students are invited to join in the fun and create a project for the annual district-wide ...

# STEAM Fair/Showcase

Saturday, April 6th 10:00-12:00 @ LAHS

(Students will also present projects at Lee's STEAM Fair on April 9th 8:15-9:55)

**STEAM Fair Registration Link (Sign-up by March 1st):**

<http://bit.ly/SteamFair>

## What is a STEAM Project?

**(S = Science, T = Technology, E = Engineering, A = The Arts, M = Math)**

Are you curious about the world around you and how things work? Do you like to create experiments to test your ideas? Do you have an idea for an invention or a way to improve something that already exists? Create a project or conduct an experiment and share what you learned at the LAEF sponsored district-wide STEAM Fair/Showcase.

## For Project ideas and additional information visit:

<https://sites.google.com/losal.org/steamfair>

\*\* Student safety is of the utmost importance! Projects should avoid student contact with chemicals, drugs, machinery, highly flammable materials, open flames, electricity and/or live animals.

## Need help with your project?

LAEF is offering an optional FREE project guidance hour for students in **1st-5th grade** in the Lee Media Center. Mrs. Chambers will be available on **3/6, 3/13, 3/20, 3/27, and 4/3** from **1:30-2:30**. Students can use this time to get help developing an idea, work on their project, conduct research, or simply ask questions. Additional time at home will be needed to complete their project. You can sign-up when you register for the fair using the link above.

**Questions:** Contact Mrs. Chambers [mchambers@losal.org](mailto:mchambers@losal.org)
