LAEF Keeps Students Engaged Over Spring Break!

(Los Alamitos, CA) LAEF piloted a Sports Camp program this year during Spring Break that proved to be a win-win for everyone involved! Students thoroughly enjoyed the opportunity to participate in either Volleyball, Tennis, Golf or Cheerleading during the week-long camp, while parents could take advantage of the before and after care, as well as a healthy lunch for all participants.

“It was inspiring to watch the students pick up new skill sets while enjoying their Spring Break outdoors with high quality instructors,” said LAEF’s Program Manager, Mike Kahn. Not only did the camp offer a choice of 4 different activities for the students, but the instructors incorporated STEAM (Science, Technology, Engineering, The Arts and Math) activities to promote the academic components of each sports.

With summer quickly approaching, be sure to check out LAEF’s website for the many ways LAEF will help students stay engaged throughout the summer months as well. LAEF is proud to offer its Summer Enrichment Institute, along with camps through its partnership with the LAHS Head Coaches and Art Directors. Registration remains open for LAEF’s Summer Enrichment Institute, Sports Camps and Camps in the Arts at www.LAEF4kids.org/programs and catalogs with all of the details are available at www.LAEF4kids.org/summer.

LAEF is the non-profit partner of Los Alamitos Unified School District. LAEF enhances educational excellence by providing after-school and summer enrichment programs to children in grades Pre-K to 12. LAEF provides significant funding for STEAM teachers and instruction, as well as igniting new programs and providing valuable resources, to impact all students. For more information, visit www.LAEF4kids.org or call (562) 799-4700 Extension 80424 today!
