Filmmaking for Beginners

Los Alamitos High School Film teacher Mr. Brown teaches middle school students the basics of filmmaking and story-telling. Students will learn how to write movie scripts, be actors/actresses, be a film director, operate cameras and edit together clips to make their own short videos!

Intro to Physiology and Anatomy

This course will focus on basic concepts regarding the anatomy and physiology of the human body. We will cover topics such as vision, the heart, muscles, and other functional systems throughout the body that work together to keep humans alive.
