Parent Comments from Enrichment Camps:

"This was hands down the best school experience my son has ever had, and he usually struggles with school. He's still talking about it. He loved the curriculum and loved his teacher! I can't

say enough positive things about the two weeks he spent in the camp. I was worried he wouldn't like the masks or be scared, but it went so, so much better than I could've imagined."

"My son had a great time at both camps. We were very pleased with his experience. He is going into Kindergarten this year and it helped ease his anxiety about going to a new school after preschool."
