

# STEAM Fair FlipGrid Video Guidelines

**Video length: 1 minute 30 seconds (max)**

**Submit videos by May 10th**

## Video Gotta-Have-Checklist:

1. Introduce yourself (& your partners if working as a group) - name and grade
2. How did you choose your topic? What makes this topic interesting to you?
3. Explain why you designed your investigation the way you did.
4. What did you learn from your project?
5. Why is your project important for others?

## Tips:

- ★ If you did an experiment that you can't recreate in the video, just show the materials and explain what you did.
- ★ If you built something, show it!
- ★ Speak loud and clear.
- ★ Practice before filming.

## FlipGrid Tips:

- ★ You can customize your video with built-in tools after you click "Record a Response."
- ★ You can re-record your video if you make a mistake.
- ★ After recording the video, it will prompt you to take a selfie. This becomes the thumbnail for your video.
- ★ Your video won't be viewable on FlipGrid until I've watched it and approved it.
- ★ Watch this [Getting Started Video](#) for more tips!
