### **Registration is Now Open for LAEF's Summer Enrichment Institute!**

Los Alamitos, CA – LAEF is bringing its 13<sup>th</sup> annual Summer Enrichment Institute (SEI) to the Lee Elementary school campus this year. Fun and academic enrichment classes will be offered to students in grades TK-12 in two summer sessions (June 20 - July 1 and July 5 – July 15).

Classes are one hour and fifty minutes in length and run from 8:00am to 4:40pm each day of the session. Small class sizes of 17 maximum students, taught by credentialed teachers, provide an ideal learning environment and help students avoid summer learning loss. Elementary classes (at Lee Elementary) include Jumpstart for TK-5th grade, Spanish, French, Volleyball, Computer Literacy and Coding, STEM, Musical Theater, Soccer, Summer Food Exploration, Art, Leadership Academy and more. For middle school students (at Oak Middle School), courses cover organization, grammar, art, 2-D crafting and more. LAEF is also offering classes for high school students at Oak and Los Al High School: Driver's Education, History of Food, Adulting 101, College Bootcamp and more.

LAEF is offering multi-class discounts. Purchase your first class, then receive 25% off the second class and 50% off any class thereafter. The discount can be applied to the family or individual students and is for the Summer Enrichment Institute only (discounts do not apply to Summer Sports Camps and Camps in the Arts with LAHS Coaches and Directors).

Registration is now open at [www.LAEF4Kids.org/summer/](http://www.LAEF4Kids.org/summer/), where you will find class schedules, teacher bios, class descriptions, policies and procedures. Scholarships are available to families with financial needs. Early bird reduced-fee registration is available through Wednesday, June 1.

LAEF is the non-profit partner of Los Alamitos Unified School District. LAEF enhances educational excellence by providing after-school and summer enrichment programs to children in grades Pre-K to 12. LAEF impacts all students by providing significant funding for mental health and wellness, STEAM grants to all district schools, and social emotional learning, as well as igniting new programs and providing valuable resources.
